商品功能

PRODUCT FUNCTION

色彩饱满

FULL COLOR
SATURATION

纤维表面**光滑**，光线反射均匀，充分展现线的原始色彩，绣品**色彩鲜艳**、饱和度高。

The surface of the fiber is smooth, ensuring uniform light reflection, fully revealing the original colors of the threads. The embroidery exhibits bright colors and high saturation.

绣线表面光滑能更好地反射光线，如丝绸材质使绣品有**优雅、柔和、亮丽**的光泽质感。

The smooth surface of the embroidery thread can better reflect light, resembling that of silk, imparting an elegant, soft, and lustrous texture to the embroidery.

GLOSSINESS

质地细腻

FINE TEXTURE

无捻工艺使纤维自然松散，触感柔软**细腻**，绣品用于服装、家纺等能提升舒适度。

The twist-free technique makes the fibers naturally loose, offering a soft and delicate touch. Embroidered products used in clothing, home textiles, etc. can enhance comfort.

特殊的原材料、独特的**蓬松**加弹工艺，使得产品的手感**柔软亲肤**。

The special raw materials and unique fluffy and elastic technology make the product feel soft and skin-friendly.

手感柔软

SOFT TOUCH

针法灵活

VERSATILE
EMBROIDERY

绣线柔软易弯曲，能适应各种刺绣变化，在刺绣复杂图案时，可**自然转折**，刺绣效果丰富细腻。

Soft and flexible, capable of accommodating various embroidery variations. When embroidering intricate patterns, it can smoothly transition, delivering rich and delicate embroidery effects.

刺绣时能顺畅穿过布料，线迹均匀，纱线的无捻工艺，使绣品线条更**流畅自然**。

The embroidery can smoothly penetrate the fabric, resulting in even stitching and the yarn's untwisted technique, making the embroidery lines smoother and more natural.

线条流畅

FLOWING LINES

层次丰富

RICH IN LAYERS

可通过不同针法和绣层叠加，如长短针、铺针等，使绣品具有**丰富的层次**，有立体感。

Different stitching techniques and layers of embroidery can be combined, such as long and short stitches, and layered stitching, etc., to create a rich layered and three-dimensional effect in the embroidery.

在立体绣时，无捻绣花线可通过填充、堆叠等方式，使绣品图案具有明显的**浮雕感**。

In three-dimensional embroidery, non-twisted embroidery thread can be achieved through methods such as filling and stacking, giving the embroidery pattern a distinct relief effect.
